

Mr. Shailesh Pathak is Head-Special Initiatives, Development Projects at Larsen & Toubro Ltd, Mumbai. He has over 3 decades of experience shared evenly between the private sector and Government of India's IAS (Indian Administrative Service) and has been CEO/MD of large companies in both private and government sectors.

He has 360-degree experience in infrastructure finance and execution. He has worked in private equity investing and fundraising (both national and global), project finance, project structuring, preparation and appraisal, and investment banking, as well as project construction and operation of a large infrastructure asset platform across transport and energy. He has also worked on infrastructure project development in African countries.

Since 2016, he has been part of the Finance & Infrastructure Task Force in B20, the business group of G20 nations, currently G20 Italy 2021. He is co-chair of the BRICS Business Council's Infrastructure Working Group 2021, apart from affiliations with leading Indian business chambers.

He completed his MBA from IIM Calcutta and his B Com (Hons) from SRCC Delhi. He also has an LLB and a Diploma in Business Finance. He attended a leadership program at Said Business School, University of Oxford in 2011.
